

Class Clowns Art Activity

1. We will be transforming our faces into clown faces.
2. Think about what you would like your clown face to look like.
3. Glue the picture of your face in the center of the black construction paper.
4. Add details to your clown face using different coloured construction paper. Are you going to have curly orange hair? Will you have a big round nose? Will you have a bright hat? Use construction paper only!
5. Use your imagination to make your face colourful and unique.

Once you finished, begin the Class Clowns Writing Activity!
