## Summary of Evaluation Plan

### **IMPORTANT DATES:**

- Curriculum Night: September 21, 2023
- First Communication: by October 15, 2023
- First Report Card: by November 20, 2023
- First Parent/Teacher Interviews: November 30, 2023
- Second Report Card: by March 15, 2024
- Second Parent/Teacher Interviews: February 29, 2024
- Third Report Card: by July 10, 2024

### **HOMEWORK POLICY**

*It is the student's responsibility to keep up with any missed work due to absence.* Homework includes not only written assignments, but both study and review. Homework is an important part of the learning process and students are required to:

- prepare ahead for a classroom discussion by reading and researching at home;
- improve skills introduced in class through appropriate guided practice;
- review material and prepare for tests.

Students are responsible for completing work by the assigned due date.

Students who wish to do well should apply themselves conscientiously and consistently. Students are expected to do 1-2 hours of homework nightly depending on grade level.

### **LATENESS POLICY FOR ALL ASSIGNMENTS**

Due dates are assigned for all in-class assignments and homework and students are expected to complete their work in the allotted time. Under exceptional circumstances, a student may require additional time to complete the work, which may be granted at the discretion of the teacher. The student must meet the teacher, with evidence of work completed and a suggested alternate due date. Following that, failure to complete the assignment on time will result in the student receiving a grade of zero on that assignment. Teachers will communicate with parents and administration when a student is at risk of receiving a zero on an assignment.

### **ACADEMIC INTEGRITY**

All students must be honest and forthright in their academic studies. To falsify the results of one's research, to steal the words or ideas of another, to cheat on an assignment or evaluation, or to allow or assist another to commit these acts corrupts the educational process. Students are expected to do their own work and neither give nor receive unauthorized assistance. Any student who fails to live up to this expectation will be given a grade of "0". Furthermore, Administration reserves the right to impose additional sanctions if necessary.

### **REPORT CARD TERM WEIGHTING**

Term 1 – 20%

Term 2 – 20%

Term 3 – 60%

### Science Concentration

See Science & Technology Course outline

In Addition:

This course also includes an introduction to coding:

1. 6 periods for science instead of 4 (4 periods for science + 2 periods for coding each cycle)
2. The course will build on the students' first year of programming (Block style programming and text-based Python).
  1. Students will start with a review using Scratch and Python, then they will continue their skills development:
    1. Learning how to program in a logical and step by step method.
    2. Creating a program using Scratch and Python
    3. Programming a device using Scratch and Python
    4. Students will continue to develop their programming skills in Python (Text based programming)
    5. Students will learn to use bread boards and connect sensors and circuits to their Raspberry Pi.
    6. The students will work towards their end-of-year project combining multiple circuits and sensors and writing a program to run them from their Raspberry Pi computer.

### History

#### **General Course Description:**

Geography, History and Citizenship (Geography, History & Citizenship) is a two year program, taught in Secondary One and Two. The Geography component is taught in Secondary One and the History & Citizenship component is taught in Secondary Two. In Secondary Two, students will not receive a grade for Geography. GHC is taught six times in a nine day cycle. The Secondary Two History program is a world history program that begins with the study of the earliest societies around the year 10, 000 BCE. Topics covered are: Sedentary Societies, Early Civilizations, Beginning of Democracy in Ancient Greece, Romanization (The Roman Empire), Christianization of the West, Renaissance & Reformation, Age of Explorations, American & French Revolutions, Industrial Revolutions, Imperialism and Recognizing of Rights and Freedoms

#### **Subject-Specific Competencies (History & Citizenship):**

- 1- Examines social phenomenon for a historical perspective
- 2- Interprets social phenomena using the historical method
- 3- Constructs his/her consciousness of citizenship through the study of history

The three competencies together are worth 100% of the term mark. Students will receive a grade for History each term.

#### **Assessments and Evaluations:**

The student's mark for History is determined as follows: 70% for in class evaluation and 30% for class, and homework activities. Students generally complete two evaluations per topic; a content-based evaluation and a second evaluation that develops skills needed to develop historical thinking (Intellectual Operations). Students will complete a midyear evaluation (December – date to be determined) and final exam (during final exam period in June). Ponderation of the midyear and final exams are TBD.

### Dance

**General Course Description:**

This course offers students the opportunity to express their creativity through music and movement. Students are exposed to a wide variety of musical styles and are encouraged to explore movement in an interpretive way. They will work on techniques and skills through direct teaching situations allowing them to learn choreographies and create their own pieces. This course examines and appreciates dance through self-evaluation, peer evaluation and by watching video recordings of professional and amateur dance performances.

**Subject-Specific Competencies and Weighting:**

- Creates and Performs dances (70%)
- Appreciates dance (30%)

**Assessments and Evaluations:**

At the end of each cycle, the teacher will evaluate the student's progress through group projects, personal creations and participation in the learning of dance. In term 3, 30% of the mark is based on live performances.

***Appropriate clothing:***

Students **MUST** wear the following apparel to class:

- T-shirt or sweatshirt (round neck with no logos).
- Black tights, black sweatpants or black shorts.

If students do not come dressed appropriately they will be excluded from that lesson which will result in the loss of marks. Students must wear their hair tied in a ponytail or bun.

For hygienic reasons, we suggest buying a pair of Jazz/Ballet slippers.

**IMPORTANT: NO jeans, NO sandals, NO camisoles and NO jewelry.**

**Homework Expectations:**

Practicing dance routines.

## Summary of Evaluation Plan

### Soccer Concentration

#### Core Objectives

This program will enable young soccer players with recognized athletic abilities to reach their potential as a student-athlete by developing their tactical and technical skills in the game of soccer as well as fulfilling their academic requirements of the Ministère de L'Éducation, du Loisir et du Sport. In doing so, the program aims to assist the student-athlete to achieve academic success, optimum athletic performance, and exceptional conduct as a citizen of the school community. For a student to register and remain in the Soccer Concentration Program, the student must successfully maintain academic excellence, demonstrate citizenship, and be committed to athletic development. This is achieved, in part, by rigorously monitoring the student's development related to effort, discipline, respect for self and others and commitment to success.

#### General

#### Objectives

- a) To encourage and enable students to develop technical and tactical skills related to the game of soccer
- b) To develop an interest in the fundamental knowledge and concept of the game of soccer
- c) To improve motor development skills (coordination, agility, balance, footwork...)
- d) To improve both anaerobic/aerobic conditioning (endurance, speed, & plyometric training)
- e) To develop and understand proper health and nutritional requirements for athletes
- f) To develop overall work ethic and citizenship (respect, effort, punctuality...)
- g) To continue the development of the basic concepts of fair play, group cooperation and adult interaction

A Soccer Concentration uniform is required to be worn by all students (given to each Student-Athlete at the start of the school year). Each student must also bring with them shin guards and proper footwear for both indoor and outdoor training sessions.

#### Assessment and Weighting (Minimum one learning evaluation per term)

- 25% Technical Skills
- 25% Tactical skills
- 25% Physical skills including movement.
- 25% Mental skills.
