## Priorities

When looking at our statistics from the previous survey, we have observed a decrease of 7 percent regarding students feeling of safety at school as well as to and from school. When consulting the thematic drill down information the following is stated: Students were asked whether they felt safe at school, and safe going to and from school. Overall, 0% of girls and 0% of boys in Grenville Elementary School indicated that they did not feel safe at school. A further 0% of girls and 20% of boys indicated a neutral position, neither agreeing nor disagreeing that they felt safe at school. Figure 9 shows the percentage of students that felt safe at school. We will continue our efforts, with regards to our preventative measures stated below, in order to improve the feeling of safety at Grenville Elementary School.

**Figure 9: Students who feel safe at Grenville Elementary School**

### **Element 3**

### **MEASURES FOR PARENT COLLABORATION**

---

The success of this plan depends on the understanding and support of all of our stakeholders. School administrators and staff play a key role in developing programs and strategies to improve daily school life. Students also have a responsibility to promote and support positive behaviours. Parents are equally important and necessary partners in this initiative. Parents are encouraged to be active advocates for their children and to be aware of changes in their behaviours and to contact the school when behaviours at home become a concern.

The following measures are aimed at encouraging parents to collaborate in preventing and stopping bullying and violence and in creating a healthy and secure environment.

1. The School's Code of Conduct will be communicated with the parents through the student's agenda).
  2. The ABAV Plan will be made available to parents via our website.
  3. Ongoing communication between principal and / or their designate and parents of children who are being bullied and those who are engaging in bullying behaviours until the resolution of the situation. Periodic communication with students who are bullied and their parent(s) to ensure that measures taken have been successful and the bullying has ceased.
  4. The difference between bullying and conflict will be accessible through our school website.
-

## **Element 4                    PROCEDURES FOR REPORTING**

---

The school will take the necessary measures to ensure confidentiality for all parties.

An incident of bullying and/or violence can be reported verbally (in person or by phone) or in writing (by email or by letter addressed to school administration). Students who wish to write a note to report an incident are encouraged to include their name for follow up.

Staff members who receive a report must document the information and submit the information to administration for follow up.

When parents have been told about a bullying situation or an act of violence, they are expected to communicate with the school principal, an alternate administrator or the classroom teacher. The report will be documented. Following the investigation, the parent should be contacted and advised that the situation has been investigated and appropriate action has been taken. Details are divulged so as to maintain confidentiality.

School personnel must report and/or investigate all incidents of bullying and take appropriate action whether they personally observe incidents or learn of them by some other means. 1. Staff is reminded that every incident and the ensuing follow-up must be kept confidential. This is done at least once each year.
2. Reports of bullying and / or violence are recorded on a digital database (ISM) that has restricted access.
3. Use of intervention strategies that protect the anonymity of persons who report or provide information.

## Element 7

### SUPERVISORY AND SUPPORT MEASURES (for the victim, bully, witness & bystander)

---

It is the responsibility of every adult staff member to use difficult / challenging situations opportunities to help students improve their social and emotional skills, accept personal responsibility for their learning environment, and understand consequences for poor choices and behaviours.

A clear distinction exists between *remediation* and *consequences*.

- a) **Remediation**, intended to counter or “remedy: a behavioural mistake, can be an effective prevention practice. Remediation measures are intended to correct the problem behaviour, prevent a reoccurrence, protect and provide support for the victim and take corrective action for documented systemic problems related to bullying and violence. Remediation measures allow the student an opportunity to reflect on behaviours, learn pro-social skills and make amends to those affected. Working with recovery plans and restorative justice practices are categorized as remediation.
- b) **Consequences** communicate to a perpetrator that their behavior is their choice and their responsibility. A consequence respects the child’s right to make a decision, even if it’s not a good one. It’s a matter-of-fact learning experience in which you maintain a better relationship with the child as you hold them accountable. Consequences are almost always enacted in conjunction with remediation measures and restorative practices. Measures should be applied on a case-by-case basis and take into consideration a number of factors including:

#### **Student Considerations:**

- Age and developmental maturity of the students involved;
- Nature, frequency and severity of the behaviours;
- Relationships of the parties involved;
- Context in which the alleged incidents occurred;
- Patterns of past or continuing behaviours;
- Other circumstances that may play a role.

#### **School Considerations:**

- School culture, climate and general staff management of the learning environment;
- Social, emotional and behavioural supports;
- Student-staff relationships and staff behaviour toward the student;
- Family, community and neighborhood situation;
- Alignment with policies and procedures.

**Examples of remedial measures and consequences may include, but are not limited to, the examples listed below:**

### **Remediation Measures for Victims**

- Meet with counsellor / mentor / special education technician / administrator / staff member to:
  - Create a safe environment to allow victim to explore feelings about incident. Maintain open lines of communication.
  - Develop a plan to ensure student's emotional and physical safety at school.
  - Ensure student does not feel responsible for the behaviour.
  - Ask student to log and report any and all future related incidents.
  - Offer counseling to help develop skills for overcoming the negative impact on self-esteem.
- A staff member will conduct scheduled follow-up meetings with the student to ensure the bullying or violence has stopped and to provide support to the student. The degree of support offered at these meetings and their frequency shall depend upon the feedback from the victim regarding the current circumstances.
- In all cases, it will be determined which members of the school staff must be made aware of the incident to ensure that the student is safe.
- Parents will be informed immediately following the incident and regularly updated until the situation is resolved.

### **Remediation Measures for Student Exhibiting Bullying Behaviour**

- Develop an intervention plan with the student. Ensure the student has a voice in the outcome and can identify ways he / she can solve the problem and change behaviours.
- Meet with parent(s)/guardian(s) to develop a recovery plan agreement to ensure all understand school rules and expectations, as well as the long term negative consequences of bullying or violence, on all involved, and to clearly outline the consequences if the behaviour continues.
- Meet with special education technician, school counsellor, social worker or psychologist to:
  - Explore mental health issues or emotional disturbances – what is happening and why?
  - Offer additional social skills training such as impulse control, anger management, developing empathy and problem solving.
  - Arrange for apology – written is recommended.
  - Arrange for restitution – particularly if any personal items were damaged or stolen.
  - Determine restorative practices (age appropriate).

## **Remediation Measures for Witnesses**

- Following the incident, an intervention may be held with any witnesses to determine their role in the incident. If the incident witnessed is severe, witnesses are met, in a group or individually, to debrief the event, discuss their role and to determine more appropriate actions in the future.
- The school reserves the right to contact the parents of bystanders.
- As with victims, witnesses to acts of bullying or violence should have a reasonable expectation of feedback from intervening adult figures in a timely manner so as to guarantee a sense of safety and security in the school.

## **Remediation Measures for Student Bystanders**

- Review Student Response Protocol.
- Explore reasons why they did not intervene or report the incident.
- Offer of coaching on how to safely intervene or help the situation.

## **Element 8                    SPECIFIC DISCIPLINARY ACTIONS**
