

Hockey Option

Mother Teresa Junior High School Avalanche Hockey Team

This year the boys will be having their on-ice practices on Mondays and Thursdays with Bobby Dollas and me (Alex Awadalla). The off-ice will be on Wednesdays. All practices are after school and will begin at 2:30pm. There will be transportation to the arena every practice day as well as game days. We have a locker for our students at the Guimond arena available to the kids, at all times.

As far as the students and their academics are concerned, we are taking responsibility on our end to make sure the students maintain good academic standing. We are in communication with their teachers on a regular basis and we will be informed if there is any slippage.

We will have a major tournament, whereby we will need the help of students, parents and the school to fundraise and be able to participate in this amazing experience. The possibility of playing in New Jersey is being looked into. I still have their contact and will inform you of this as well. Other destinations such as Ontario can also be a fun experience.

On a final note, I feel that that with our combined efforts, we can attain some financial goals that may offset the cost for our trip as well as possibly reducing the cost for school hockey this season.
