

Rainbow Room

Crestview Elementary offers students a Rainbow Room. The Rainbow Room is a safe place for students to go as needed, as a strategy or reward, or to think through a problem before they act and it becomes an issue.

The Rainbow Room is:

- A morning check-in for students who have difficulty transitioning
- A safe outlet for expressing emotions
- A place to make a connection, find a smile, hear words of encouragement
- A place to seek help to solve problems
- A place to learn social skills

Diverse and Inclusive Student Population

Crestview's student population and diverse needs make it a unique school in our board. The school board houses several special education classes. Students are invited to learn at Crestview as a place where their academic and emotional needs can best be supported. While students at Crestview learn in the classroom environment best suited to their needs, all students come together to play and develop the broad areas of learning

Parent Involvement

Parents are active partners of the school. They can get involved at different levels:

- Governing Board
- Home and School
- Volunteering

The student is the centre of his/her learning.
