1.0 PREAMBLE

The Council of Commissioners of the Sir Wilfrid Laurier School Board believes that a committee structure contributes to the performance of the Council's duties and the examination of specific matters, and is part of an efficient decision-making process.

2.0 OBJECTIVES

The objective of this procedure is to establish a committee structure allowing for strategic planning in the areas of policy development and project management. Said structure establishes a procedure for making recommendations to the Council of Commissioners or the Executive Committee and integrates committees mandated by the *Education Act*.

3.0 REFERENCES

This procedure is established in accordance notably with the *Education Act*, sections 11, 185, 188 and 193.1.
