4.0 Decision Items

4.1 Human Resources

4.1.1 Abolition and Creation of Positions - Maintenance

In response to questions from Commissioner Donna Anber, the Assistant Director of Human Resources noted the following:

- In order to increase or decrease the percentage of hours for a position, the position must first be abolished and then recreated;
- The 50 percent Maintenance Worker, class II, position at Joliette Elementary School is a special project while the same position at 38 percent at Morin Heights Elementary School (MHES) is a new position. There are some concerns about being able to fill the position at MHES;
- Several years ago, the school board engaged a company to review the allocation of hours for various employee groups and, recently, the company was asked to re-examine some of the allocations to certain schools to ensure that there are enough hours. The position at MHES is a regular position so, if there is difficulty in filling it, a change in the schedule can be done.

Abolition and Creation of Positions

WHEREAS, on a yearly basis, the needs of each school and centre of the Sir Wilfrid Laurier School Board are re-evaluated to determine the positions to be abolished, maintained or created;

Maintenance

WHEREAS the local union of the Maintenance Support Staff has been consulted on the abolition and creation of positions for the schools and centres of the Sir Wilfrid Laurier School Board;
