

CREATE YOUR ACCOUNT

FOR PARENTS OF STUDENTS

1 Download the mobile application

Apple (iOS)

Open the [App Store](#) application on your iPhone and tap the **Search** tab (magnifying glass) at the bottom of your screen to search for "Clic école".

The **Clic école** application is free. Tap the **Get** button. If you see the **Open** button instead of the **Get** button, it means you have already downloaded the application.

Press the side button on the right side of your iPhone twice to confirm that you want to download the application. If you use Face ID or Touch ID to unlock your device, you can glance at your device or touch the home button to authorize the download. In some cases, you may need to enter your Apple ID password to proceed with the download.

Once installed, the **Clic école** icon will appear on your device's home screen.

Android

Open the [Play Store](#) application on your mobile device and tap the **Search** tab (magnifying glass) at the bottom of your screen to search for "Clic école".

The **Clic école** application is free. Tap the **Install** button.

Once installed, the **Clic école** icon will appear on your device's home screen.

Clic école icon

② Create your account

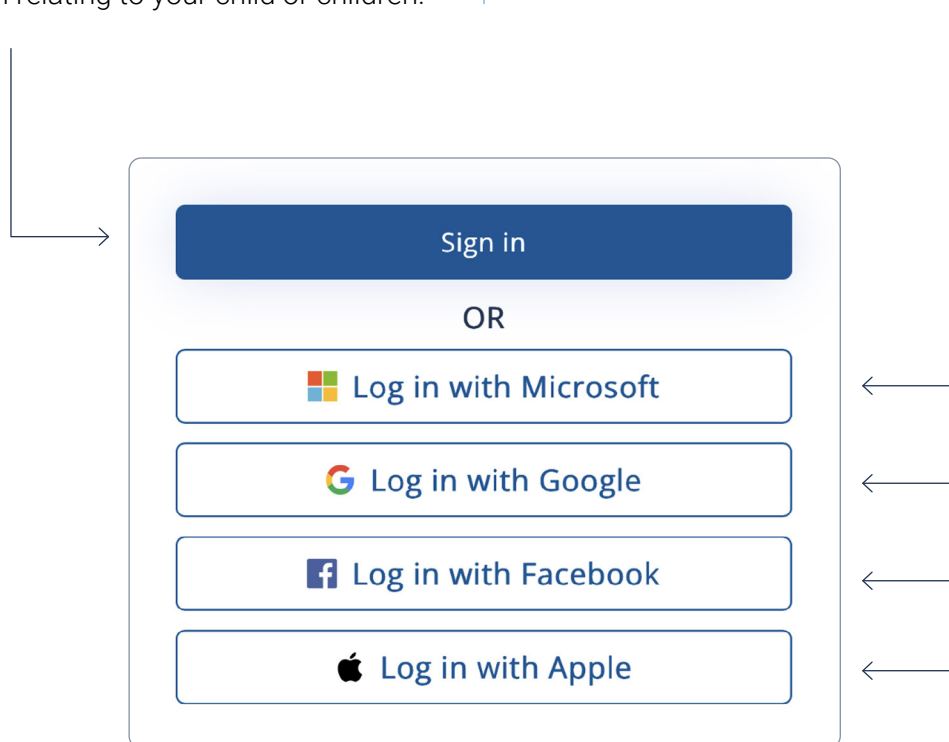

When you open the application, go to the login screen where you will be asked to create an account or log in:

If you have a *Mozaïk-Portal* for parents or *mParent* account

You can simply continue using the same login information and log in to **Clic école**. Then enter your login information in the appropriate fields and click **Sign in**. You will be taken directly to **Clic école**, where you will automatically find the information relating to your child or children.

If you want to use the login services of a third-party account you already have

Simply select this account from the options displayed at the bottom of your screen, then confirm that you wish to use this login service to access your **Clic école** account.

If you do not have a *Mozaïk* account and do not wish to link your *Clic école* account to a third-party account

You must create your own user account.

IMPORTANT!

You must provide the same email address that you provided to the school when you enrolled your child.

1. You must first click on the **Create an account** link to access the account creation screen.
2. In the field provided on the **Create an account** screen, enter the email address you gave to your child's school. Then click **Next**.
