

Hop on our buses for the new school year

Soon, will be the start of the new school year and the STL is pleased to continue its partnership with the Sir Wilfrid Laurier School Board by providing bus service to Laval Junior Academy and Laval Senior Academy students. This agreement allows students from those high schools to purchase a monthly pass at a special **\$21.45** fare (fare in effect as of July 1, 2026).

To benefit from this reduced fare, your child (or the child in your care) must have an OPUS card with photo ID and load the monthly pass on the card every month. Monthly passes can be purchased as of the 20th of every month. They are available through the Chrono app on a smart phone, at points of sale and a ticket office at the Cartier or Montmorency terminuses.

IMPORTANT – Before the start of every school year, as of August 1, the child must certify to their student status at Laval Junior Academy or Laval Senior Academy before purchasing their reduced-fare monthly pass.

To do so:

- Book an appointment online now to schedule your visit to the ticket office and avoid waiting in line: stlaval.ca/rdv.
- Show to the ticket office the child's health insurance card (no other ID card is accepted) and the OPUS card with photo ID, as applicable.
- Confirm to the ticket office (before September 1) that the child attends one of these schools, **even if the OPUS card is still valid**.

To find out which documents are required by the ticket office to issue or renew an OPUS card with photo ID, please refer to our website at stlaval.ca/highschool.

It's important to check the school route number on our website two weeks before the start of the school year, as it may change from one year to the next.

Welcome aboard!
