

COMMISSION SCOLAIRE SIR-WILFRID-LAURIER
SIR WILFRID LAURIER SCHOOL BOARD

Special Council Highlights October 13, 2026

The Council adopted the following resolutions:

Amendment to
Consultation – Review of
school attendance zones
and building use in Laval

CC-261013-TS-0016

WHEREAS the Council of Commissioners adopted resolution no. CC-260625-TS-0119, approving the publication of a public notice calling for two public assemblies and authorizing a consultation in accordance with Policy no. 2007-TS-02, *Policy Concerning the Continued Operation or Closure of Schools and Any Modifications Pertaining to Educational Services* (the Policy);

WHEREAS public assemblies were held on October 6, 2026, and October 8, 2026, during which extensive feedback, questions, concerns and suggestions were received from stakeholders and members of the community;

WHEREAS the feedback received through the consultation process to date has provided valuable perspectives and additional considerations for the Council of Commissioners and the Director General to reflect upon in determining the most appropriate way forward;

WHEREAS the Council of Commissioners and the Director General share a commitment to carefully considering the feedback received, assessing the implications of the proposed scenarios, and ensuring that future decisions support the School Board's long-term educational mission and the needs of its students and communities;

WHEREAS following consideration of the feedback received and in the interest of allowing for further review and analysis, it has been determined that no school closures or changes to school attendance zones arising from the current consultation process will be considered for implementation in the 2027–2028 school year;

James Di Sano, Chairperson of the Sir Wilfrid Laurier School Board, MOVED THAT the Council of Commissioners of the Sir Wilfrid Laurier School Board temporarily suspend the consultation regarding the review of school attendance zones and building use in Laval to allow the Council of Commissioners and the Director General to jointly consider the feedback received and undertake further review and analysis before determining the next steps;

AND THAT the consultation concerning the proposed relocation of CDC Vimont and Phoenix Alternative School continue in accordance with the applicable provisions of the *Education Act*;

AND THAT Phoenix Alternative School continue to operate as a distinct school in the 2027–2028 school year, with its potential relocation to be determined through the ongoing consultation process;

AND THAT the information session scheduled for employees on October 21, 2026, and the public assembly scheduled for November 25, 2026, be maintained for the sole purpose of continuing the consultation concerning the potential relocation of CDC Vimont and Phoenix Alternative School;

FURTHER THAT the Council of Commissioners and the Director General continue to work collaboratively in reviewing school attendance zones and building use in Laval, taking into consideration the feedback received through the consultation process and any further analysis deemed necessary; and that any future proposal requiring consultation under the Policy be subject to the applicable public notice and consultation requirements, with no such consultation to take place before the 2027–2028 school year.

Seconded by Commissioner Donna Anber.

Carried unanimously
